

“The Role of a Multi-disciplinary Team in Increasing MRI Capacity and Accessibility”

Study Evening

Thursday 28th September 2023

3:30 – 6:30pm

Pillar Centre, Mater Misericordiae University Hospital, Eccles Street, Dublin 7

Session 1		Chair: Assoc. Prof. Paddy Gilligan
15:30	Welcome	Assoc. Prof. Paddy Gilligan <i>Chief Physicist</i>
15:40	MR capacity in a level 4 teaching hospital	Ann Dolan <i>Radiology Directorate Manager</i>
15:50	AI Optimisation of Prostate MRI	Dr. Ciarán Reinhardt <i>Clinical Lecturer</i>
16:00	Modern tools in MR efficiency	Prof. Peter McMahon <i>Consultant Radiologist</i>
16:15	Clinical audit to aid optimisation of epilepsy protocols in MR	Dr. Emer Kenny <i>Senior Physicist</i>
16:25	Vendor perspective; novel techniques to improve workflow	
16:55 Coffee Break		
Session 2		Chair: Dr. Jonathan McNulty
17:15	Workflow on the bowel gas prep in improving quality	Dr. Barry Hutchinson <i>Consultant Radiologist</i>
17:25	Clinical MR protocol standardization across multiple scanners	Dr. Pim Pullens <i>Physicist, Belgium</i>
17:50	Safety advantages of Advanced Acceleration Technologies in MRI	Dr. Cormac McGrath <i>Physicist, Northern Ireland</i>
18:15	Discussion Panel	Dr. Jonathan McNulty Dr. Michael Kelly Dr. Peter McMahon
18:30	Close of meeting
